

Connect to Wi-Fi on a Mac

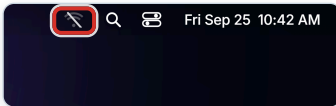

Get your Mac online in about a minute. Have your network name and Wi-Fi password ready.

*We Make
I.T.
Happen!*

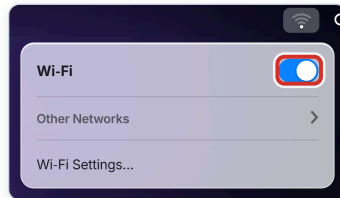

1 Click the Wi-Fi Icon

In the **menu bar** at the top-right of the screen, click the **Wi-Fi icon**.

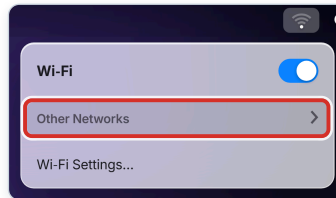

2 Turn Wi-Fi On

If the switch is gray, click it so it turns **blue**.

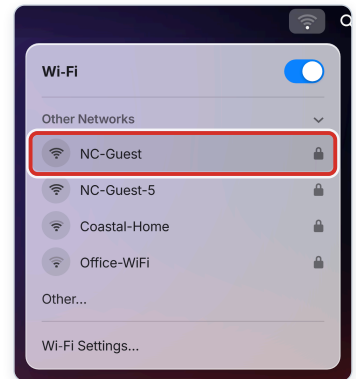

3 Open Other Networks

Click **Other Networks** to see the Wi-Fi networks near you.

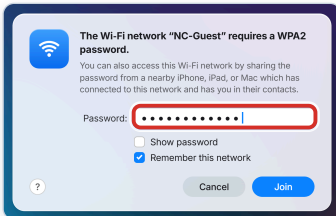

4 Choose Your Network

Click the **name** of your network.

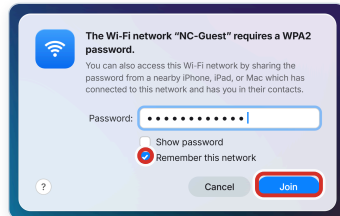

5 Type the Password

Type your **Wi-Fi password**. It's case-sensitive.

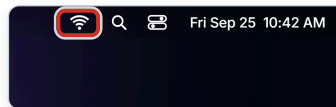

6 Remember & Join

Leave **Remember this network** checked, then click **Join**.

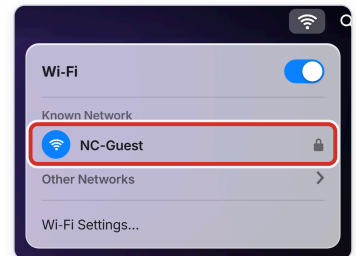

7 You're Connected!

The **Wi-Fi icon** in the menu bar turns solid.

8 Check Anytime

Click the Wi-Fi icon: your network is at the top with a **blue icon**.

Good to Know

- **Other way:** Apple menu → System Settings → Wi-Fi, point to your network and click **Connect**.
- No Wi-Fi icon? System Settings → Control Center → Wi-Fi → **Show in Menu Bar**.
- Wrong password? Check **Caps Lock**, or tick **Show password** to see what you typed.
