

Send Photos by Text or Email

iPhone and Android, step by step.

*We Make
I.T.
Happen!™*

1 Open the Photo, Tap Share

Open the photo in Photos (or Google Photos), then tap **Share**.

2 Pick Messages or Mail

Choose **Messages** for a text, or **Mail** for an email.

3 Type Who It's Going To

Enter a name or number, then add a quick message if you like.

4 Tap Send

A blue arrow sends it; **Delivered** shows it went through.

5 Android: Open Photo, Tap Share

In Google Photos, open the photo, then tap **Share**.

6 Android: Pick Messages or Gmail

Choose **Messages** for a text, or **Gmail** for an email.

7 Android: Fill It In

Type the recipient, then review the attached photo.

8 Android: Tap Send

The paper-plane button sends it on its way.

Good to Know

- Sending a lot of photos? Email usually handles more at once than a text message.
- Text messages often shrink photos to save space; email keeps the full-quality original.
- Sending to a computer? Email it to yourself, or use a cloud service like iCloud or Google Photos.
