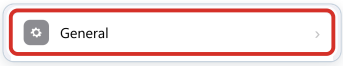
Update Your Phone

iPhone and Android, step by step.

We Make I.T. Happen!™

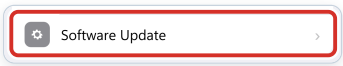
1 iPhone: Settings > General

Tap **Settings**, then **General**.



2 iPhone: Software Update

Tap **Software Update** to see what's available.



3 iPhone: Download and Install

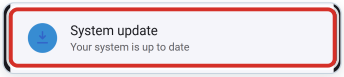
Tap **Update Now**, then enter your passcode.

4 iPhone: Let It Finish

Keep it plugged in and on Wi-Fi until it restarts.

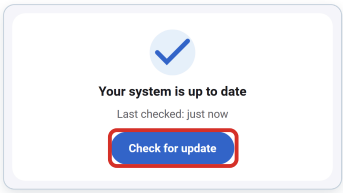
5 Android: Settings > System

Tap **Settings**, then **System**.



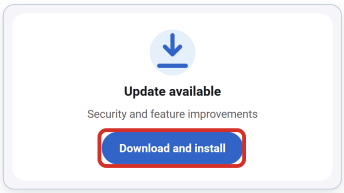
6 Android: System Update

Tap **System update** (some phones: Software update).



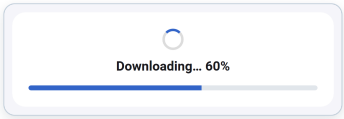
7 Android: Download and Install

Tap **Download and install** if one's ready.



8 Android: Let It Finish

Keep it plugged in and on Wi-Fi until it's done.



Good to Know

- Plug in and connect to Wi-Fi first — these are big downloads.
- Back up before a major version update; it's cheap insurance.
- Don't put it off for months — the longer you wait, the bigger and further behind you get.
