# Microsoft 365 for Naples Offices

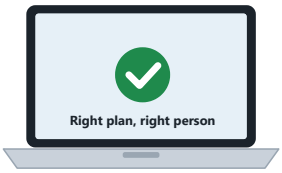

6 things a Microsoft Partner takes off your plate.

We Make I.T. Happen!™

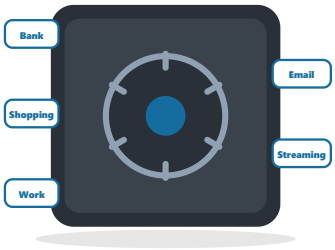

## 1 Right Plan, Right Person

Not the same license for everyone, **by default**.

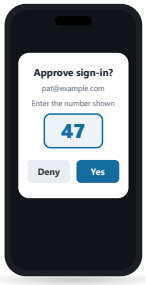

## 2 Add and Remove Users Same Day

Accounts ready before day one, **closed the day someone leaves**.

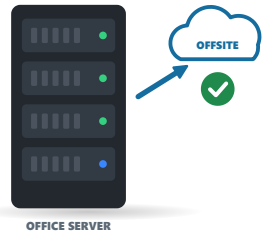

## 3 Turn On Company-Wide MFA

Not just for the people who **happened to ask**.

## 4 Move Email With Zero Downtime

An MX hold keeps everyone **working during the switch**.

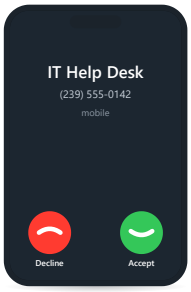

## 5 Filter Spam With Mail Assure

Caught before it ever **reaches an inbox**.

## 6 Have One Partner to Call

Not a support queue, **an actual phone number**.

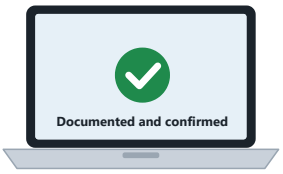

## 7 Review Licenses Each Year

Confirm you're not paying for **seats nobody's using**.

## 8 Put It in Writing

Document what's actually in place, **not just what's planned**.

## Good to Know

- Naples Computers is a Microsoft Partner and does not currently offer a dedicated Microsoft 365 backup service; this guide covers licensing, security, and migration support.
- We've completed hundreds of Microsoft 365 migrations of all types, with zero downtime.
- Ready for a review? Call **239-513-1960**.
